- 6. You have Drivers folder containing drivers for Windows 32-bit and 64-bit in different folders.
  - a. IriShield\_Driver\_4.1.3 (Can be used by 32 and 64 bit systems)
  - b. Mantra Driver (Seperate folders for 32 and 64 bit systems)
  - c. MorphoSmart USB Driver (Seperate folders for 32 and 64 bit systems)
- 7. Install drivers according to your Scanning device.

Procedure to install Device drivers for Mantra finger print scanner.

Important - Do not connect FINGER PRINT device before installation of drivers.

- 1. Open folder Mantra Driver 32-bit and run MFS100\_x86\_Driver\_Setup (32-bit) or Folder Mantra Driver 64-bit and run MFS100\_x64\_Driver\_Setup (64-Bit).
- 2. Follow the instructions that appear while installation.
- 3. Once the installation is finished, connect the device to USB port of the PC.
- 4. Windows will start searching for the drivers and once the device drivers are loaded, you will be able to start using Client Software for Jeevan Pramaan.

Procedure to install Device drivers for Iritech Iris scanner.

- 1. Connect Iris scanner to USB port of PC.
- 2. Now Open Device Manager and you should be able to see IriShield in Other devices as shown below.

- 3. Right Click on IriShield and click Update Driver Software.
- 4. In the next screen, Click "Browse my computer for driver software" as shown below.

- 5. In next screen, Make sure that "Include Subfolders" is checked and then click Browse Button.
- 6. Now select the folder "IriShield\_Driver\_4.1.3" and click Next.
