CHECK LIST FOR ADMINISTRATORS AND ORGANISATIONS PARTNERING JSK

1. The selection process should involve the community at all stages. However vital events like date of birth and sterilization etc have to be checked / certified through government sources only. The community should be satisfied about the selection and the selected couples should be worthy of being seen as Role Models for Responsible Parenthood.
2. While identifying the eligible couples, there is a need to examine the reason for the girl's marriage at 19 years. If the reason supports the girl's health, education or skill learning then the selection is worthwhile. In case it was due to extraneous factors, the girl should not be included. It is very important that the PRERNA 'Role models' should inspire confidence and not create controversy.
3. The upper age limit for eligible married women should be below 30 years. There is no age limit for the husband but younger is better.
4. Care needs to be taken while selecting an eligible couple. The girl's marriage should be 19 years (not 18) and the first child should be born when the mother's age is more than 21 years. Likewise the second child should be born after a 3 years gap and there should be documentary evidence of sterilization after the second child.
5. Marriage and Birth registration is compulsory. In case supporting documents are not available, proper certification regarding birth and marriage from authorized sources is necessary to claim the Award.
6. The eligible couples should not have any criminal record which points to unsuitability.
7. Payments are made in the form of a National Saving Certificate to be issued by the local post office and given by the Collector personally along with wide press coverage and

messages about the health of the mother and health of the child. (JSK will supply material relevant to the district on request).

8. The strategy can be implemented by NGO's or Community level organizations or through Anganwadi workers, ANMs, ASHAs. Funds will be released after the couples are selected and documents have been checked by JSK.
9. Rupees 500 per awardee couple will be paid to the organization that helped identify the couples and got the authentication done on the recommendation of the District Collector/CM&HO. This amount would be paid only at the award ceremony.
10. The amount of award will be transferred in the dedicated bank account "JSK-PRERNA" opened in respective State Health Society, through Cheque/Electronic.
11. Payment to Post Office would be through account payee cheque for purchasing National Saving Certificates (NSCs).
12. The award ceremony should be organized within the month when award amount received.
13. A team to be constituted by District Collector for verification of 10% of total cases and verified list sent to JSK.
14. List of the beneficiaries to be counter signed by the District Collector after verification from CMO/CM&HO/Civil Surgeon.
15. A verification certificate may be issued by the district collector office
