### Terms and Conditions

1 - Farmer should select a registered dealer for purchasing the implement within 7 days after the application registration, otherwise the application will stand rejected and the farmer will not be able to apply for the same implements for the next 15 days.

2 - Once the dealer is selected, it will not be possible to change the dealer again.

3 - Farmer should produce detailed application along with PIN number (Generated with application) to selected registered dealer and purchase the Implement from dealer within 10 days after selection of dealer; otherwise the application will stand rejected.

4 - The farmer will get the benefit of grant on the material only when he meets the eligibility conditions for the grant for the material. The conditions for eligibility are available in the office of agriculture officer.

5 - Through the selected dealers, the documents related with farmer will be uploaded along with copy of the bill and the details of the payment. The bill should show necessary details of the material also in the portal.

6 - Under the scheme, the ineligible farmers will not get the benefit of the grant on purchased material. After ensuring the eligibility, the farmer should purchase the material. Even after being ineligible, if a farmer purchases the material, he will not be given the subsidy and the department will not be liable for that.

7 - The farmer has to pay the farmer share or full amount of the equipment / materials through bank draft/banker's cheque, online banking (RTGS/NEFT etc) / Cash. If farmer wants to pay through personal cheque, the transaction of money should be confirm by attaching bank account statement of dealer/farmer and In case of cash payment dealer should upload the cash receipt in the portal.

8 - Physical verification of material and records will be done by the departmental officer within 5 days of Implement and bill verification by manufacturer. The farmer will be eligible for a grant only if all the records in physical verification are found suitable according to the purchase bill of machinery / material and the fulfillment of the conditions of the scheme is found suitable.
